Minutes

1. Approve minutes from June Board Meeting

Glen motioned to approve, Karen seconded, all approve

2. Treasurer's Report

\$11,300 in funds. Bev motioned to approve Glen seconded, all approved.

3. City Council Candidate, Moises Gonzalez

History: San Antonio born, moved here 30 years ago, teacher - ESL, ended at Albuquerque High. 3 kids. Second degree in Film production and has his own film production company.

Has been on Street Car committee. Asked to serve on Environmental Commission - served 2 terms.

Moises' Issues - Density housing needs to be focused in downtown. Where density is already part of the area. Parking has been a priority and he feels sometimes more than people.

Unhoused is an issue. He lives downtown so sees it first hand. Housing cost for single person is 60% of minimum wage job. Transportation is another issue. he believes in Housing first so the unhoused can get the serves they need. His says that if they are in one place than that stability helps. Lack of affordable housing is a big issue.

Drug and mental illnesses are exacerbated by homelessness not the cause.

Signatures can be done online CABQ.gov/vote - all candidates are on their and \$5 donation for public funding qualification.

4. City Council Candidate Loretta Noranjo Lopez

Native Santa Barbara Martinez resident. involved in the neighborhood and also Greater Albuquerque Housing committee. Part of the program was community process and education for those they housed. Affordable housing isn't going to happen unless the city provides it.

worked for City planning department for 15 years. Familiar with serving the public. Here to ask to sign petition and \$5 - Crime, affordable housing, and traffic, and alternative transportation are a few issues that she is hearing from people in community.

Promises to work to have a vibrant downtown.

Lorettaforcitycouncil.com is her website

\$5 donations can be given to multiple or all candidates so they get public funding - signing the petition can only be for a single candidate.

5. Follow-up on Douglas Jones Book Donation

Ford Davis - not here. Hopefully, we can meet up with him to get

6. Glass Recycling

Emily Moore says:

The site under the overpass at Marquette is permanently closed. The construction eliminated the area where the bins were located. Unfortunately at this time there are no other options at that site that would allow for the public to safely access it and for Solid Waste to be able to safely service it.

I wanted to make sure you were aware that the department moved the Recycling Drop-off site in front of our admin office on Edith to 1250 Menaul NE due to demand. This site is able to accommodate more vehicles and is open 7 days a week from 7 a.m. to 7 p.m.

recycling at grocery stores - can the city revive that??

County website has information on composting and offers classes. Free compost at the airport to the west. Also suggested that we support a ban on plastic bags!

Educational format to send out what can be recycled by the city.

7. Newsletter

Once monthly. Just things about the DNA and what we are doing and events. Peter of DAN is great at providing a link for us.

On our webpage there also is the link for the newsletters with most current one on the top.

8. NeighborWoods Application

We applied. Hopefully all neighborhood associations in the downtown areas will receive trees!

9. National Neighborhood Night Out

Data: August 1st 6-8 PM. See our website for full details

First 100 people get \$10 to go toward the food truck: - Tome Todo

Band will be: Otis B. Good and the Honky Tonk Heritics

Giant Jenga and bean bag toss - we need volunteers! Glen will help with Jenga and Kay will help with Bean bag toss - anyone else??

Board members should be there at 5:15 to help set up and also clean up.

Raynolds Addition members are here too and they have a community garden to provide peaches that neighbors make yummy peach desserts to share!!
