7.6. Outreach

the way you increase neighbors helping neighbors is by working together and helping each other and fostering that sense of community; rather than confrontation be alert; when they know people are watching they will go somewhere else;

in this newsletter there will be an article about neighbors helping neighbors and volunteering their time to help their neighbors

8. Announcements and Events

John Sais - lives on 14th street and has been a victim of crime on their property; has called 242-COPS

interested in enhancing the safety of the community. Calling neighbors to work together and care for the safety of each other.

- Neighborhood Watch Program

- Nextdoor.com

- camera doorbell

- attend Community Policing Councils (note: not always the best place to go for local crime issues; more focus on the policy and procedures of the APD)
